Saint Simeon’s Episcopal Home is celebrating 50 years of loving service to the Residents and their Families. On February 18 the Home began its year long celebration with a 50th Kickoff Anniversary “Gold Standard for the Golden Years” Luncheon chaired by Phyllis Dotson, a member of the Saint Simeon’s Foundation Board of Trustees. Special guests included The Rt. Rev. Dr. Edward J. Konieczny, Bishop of The Diocese of Oklahoma and Jan Ridle, Presiding President of the Episcopal Church Women. Other attendees included Trustees of the Saint Simeon’s Foundation and the Saint Simeon’s Episcopal Home and other key volunteers who are working to make the Home’s 50th Anniversary a reality for today and into the future.

The Home’s original apartments opened in 1960 welcoming 12 Residents in the first year. Today, the Home serves more than 180+ Residents and is recognized as a leader in senior living care and services. The Home has four distinct home-like living areas which includes the recently opened $23.3MM, 60-apartment Assisted Living Center that replaced the Home’s original apartments. The other living areas at Saint Simeon’s are the Memory Center, the Health Care Center and The Cottages. The Wellness Center, featuring a warm, water saline pool and exercise equipment, represents the Home’s latest addition to the many amenities and services offered to improve the quality of life for each Resident.

Saint Simeon’s Kicks Off 50th Golden Anniversary Year

SAINT SIMEON’S

Saint Simeon’s 50th Anniversary Prayer

In your Holy Name we pray. Amen

Gracious God, you cast visions in the hearts of your faithful of all that is good and worthy; and you inspire us to give of ourselves for the benefit of others. 50 years ago you brought forth a vision of Saint Simeon’s and encouraged us to serve one another in your name. You have blessed our work in ways that have touched the lives of thousands; and you call us to continue this work so others may know the saving grace of your love.

We give thanks for all who have supported and sacrificed to make Saint Simeon’s a place of peace and comfort and pray that as we seek to provide for all who call this place home, we may be blessed by your good favor. In your Holy Name we pray. Amen

Reflections by Lindsay Hurley Fick

Our 50th Year!

Spring is here and change is all around. Budding trees, blooming jonquils, hostas poking through the ground – I enjoy each season but I especially enjoy the newness of spring. This year marks Saint Simeon’s 50th anniversary. One can look over the grounds of Saint Simeon’s and see trees and shrubs that were here 50 years ago. It’s wonderful to imagine the beginnings of Saint Simeon’s but even more wonderful to see what 50 years of dedication and vision by Saint Simeon’s Board of Trustees has produced. And that legacy continues – the vision and dedication of the Board of Trustees. Here’s just a snapshot.

It’s now been seven months since we opened the new Assisted Living and Wellness Centers. The new Assisted Living is a joy to residents, families and staff alike. Whether it’s an evening of fine dining for residents and their guests in the Deisenorth Bistro, or gazing at the Tulsa skyline as night falls from the Osage Lookout look-out, or sewing special projects with the ‘Stitch in Time’ group in Carla’s Corner, or perhaps reading a book while nestled in Zarrow Parlor, or playing billiards in the Game Room, the new Assisted Living Center is full of life. Just like spring! As I write this a different kind of ‘newness’ is on the horizon for Saint Simeon’s. After 50 years of wonderful service, Saint Simeon’s previous Assisted Living building is being dismantled. As the demolition began there was sadness in everyone’s heart. It’s hard to see the representation of 50 years of love and care coming down. We’re now through the majority of the demolition and you can already see the beginning of a new chapter at Saint Simeon’s. The area will soon become a sprawling green belt with walking paths, benches and beautiful natural landscape – a great new outdoor venue for residents and their families and guests.

As we say good-bye to the former Assisted Living we’re turning our attention to the Memory Center.

After 16 years (that’s almost 6,000 days of 24-hour per day love and care), the Memory Center is ready to be rejuvenated. The state-of-the-art design of the Memory Center will remain unchanged. The individual home design was transformational for memory care in 1994 and remains so today. The Memory Center interior will be renovated with new color palettes, cabinetry and furnishings. The exterior will receive normal wear and tear repair. The comfort and care of the residents will take precedence as we give the Memory Center it’s much deserved new look.

I can’t end without mentioning one of my favorite subjects --- Saint Simeon’s new Wellness Center. While some might consider me biased (yes, I am!), I honestly feel that Saint Simeon’s Wellness Center is unparalleled. The addition of the Wellness Center, which has participants from all areas of Saint Simeon’s – Independent Living, Assisted Living, Healthcare and Memory Center – is exceptional in senior living. The difference in the lives of the residents is evident. A wonderful example is a resident in Saint Simeon’s Healthcare Center. She has been affectionately dubbed the ‘over-achiever’. She’s in the pool or working on exercise equipment or attending classes in the exercise studio whenever the Wellness Center doors are open. She’ll tell you, “I plan to walk again!” I think you can see why I call the Wellness Center the ‘gem’ (no pun intended) of Saint Simeon’s. This is my fourth year as part of Saint Simeon’s 50 year history. The past four years have seen extraordinary changes to enhance and enrich the lives of those that call Saint Simeon’s home. Its spring again at Saint Simeon’s and the legacy continues!
Western Days 2010 – Golden Anniversary Gusher! Kicks Off

• offer freedom and pain relief to wheelchair users and other with limited mobility as they stretch, strengthen and relax their muscles in the new warm water pool.

Phyllis & George Dotson
2010 OKAHSA Trustee of the Year Award

st Simeon’s was truly honored to have its nominees, the husband and wife duo of George and Phyllis Dotson, selected for the 2010 OKAHSA Trustee of the Year Award. Individually their contributions of time, talent and treasure stand on their own merits. Collectively, they are powerful ambassadors and champions for Saint Simeon’s and their charitable actions are bettering the lives of every single Resident of the Home. In addition, as leaders they are inspiring many others in the community to help Saint Simeon’s better serve the Home’s 180+ Residents.

Fully committed to the Residents of Saint Simeon’s, George and Phyllis serve as visionaries, detailed planners, fundraisers, lead donors, marketers, management consultants and friends… all in an effort to improve the quality of life for every Resident.

Flintco, the construction manager, and MATRIX, the architect representative for the construction effort with the Home staff, as specified. Phyllis was a leader throughout the construction phase guiding committees related to new furnishings, donor recognition plaques, directional signage and landscaping. Phyllis also offered her outstanding marketing and public relations skills that helped to communicate our story to the broader community.

The Dotson Family Assisted Living Center

As the May 5th combined Home Board and Foundation Board Meeting, a very special announcement was made – the Trustees named the new assisted living building The Dotson Family Assisted Living Center. Robin Ballenger, President of Saint Simeon’s Foundation Board, noted, “I am very pleased to have The Dotson’s gifts to Saint Simeon’s when I saw the plans for our new assisted living center, when the big earthmovers rumbled onto our campus, when we all stood together to celebrate the Dedication of the assisted living center. BUT I did not truly understand the Dotson’s gift to us all until I saw the Residents move in, and give the new building its vibrant heart and soul…”

It is a wonderful testimony to both of you that the best gift we could think of to show our heartfelt appreciation to you is to name the gift that you gave to us after you.”

Stuart Spencer, Executive Chairman of Saint Simeon’s Board thanked the Dotsons for all they did for this project and for the many other things they do for Saint Simeon’s. He stated, “I would also like to take this opportunity to congratulate Phyllis and George on receiving the “2010 Trustee of the Year” award from the Oklahoma Association of Homes and Services for the Aging (OKAHSA). The “Trustee of the Year” category recognizes those whose contributions have made a positive financial impact, furthered the mission, and provided direction for the future for the senior living community they support. The Dotsons have done all of that and more.

George and Phyllis are fervent ambassadors for the Residents of Saint Simeon’s in the community. They inspire others to get actively involved and have increased our circle of friends who volunteer their time and talents and share their earthly treasures for the benefit of the Home. How wonderful during our 50th Anniversary year to recognize them for their many years of loving, professional and impassioned service!

WHO IS OKAHSA?

The Oklahoma Association of Homes and Services for the Aging is the Oklahoma state association of not-for-profit organizations dedicated to establishing the highest standards of excellence for services to the aging in Oklahoma. OKAHSA’s purpose is to be supportive of each member organization’s quest for excellence. OKAHSA’s membership consists exclusively of not-for-profit providers and remains the only state association that represents the interests of providers throughout the continuum of care: nursing facilities, assisted living facilities, residential care facilities, adult day service providers, independent living and continuum of care retirement communities. The membership is comprised of over 200 providers of aging services, all mission-driven organizations providing services and housing for the elderly in Oklahoma.

Auxiliary – Education Committee “Town Hall” Program

Sponsoring speakers in a mini “town hall” setting is one of the goals of the Education Committee of Saint Simeon’s Auxiliary. The committee presents four programs each year on topics of interest to Residents, family members and friends of the Home. This year the January speaker was Margaret Love, Caregiver with the Alzheimer’s Association. She offered many practical techniques for helping a person with Alzheimer’s cope with daily tasks, as well as suggestions for relieving the stress of care giving. She reminded caregivers that they must “take care” of themselves in order to effectively care for a loved one.

In March the guest speaker was Nate Waters, a motivational speaker & entrepreneur, who presented his thoughts on “Finding Happiness.” Nate’s story is inspirational and he is truly qualified to speak about finding happiness even in difficult circumstances. Nate is an amazing individual, who despite a life changing accident, went on the earn his G.E.D, an Associate’s Degree from Tulsa Community College, and a Bachelors Degree from Oklahoma State University. Among his many accomplishments is being named recipient of the first United Way “Live United Spirit Award” in 2009. Nate is employed as an accountant at an Oklahoma energy company. Gail O’Conner, RN, with Injury Prevention for Trauma Services at St. John Medical Center, is the scheduled speaker for May 11th. The members of the Education Committee welcome suggestions for topics and community speakers. Please contact Kathy Hinkle, Chair, at 918.794.1946 or khinkle@saintsimeons.org if you have ideas future programs or if you have a presentation to be considered by the Education Committee.
